

# 5 Stages of Claim Processing

Claim Submission

Clearinghouse (electronic only)

**Processing** 

**EOB** 

Claim Completion

#### **Claim Submission**

- Charges submitted to medical insurance or dental insurance
- Claims may be sent electronically via software, by paper form via mail, or entered directly on insurance website

### Clearinghouse

- Electronic submissions from software are sent via 3<sup>rd</sup> party clearinghouse (ex. Change Healthcare, Availity)
- Claim is 'accepted' or 'rejected'
- Once accepted, claim is forward to insurance company identified by payer ID on claim

## **Processing**

- Claim is received by insurance company
- Claim is now 'on file' and assigned a claim # (claims must be 'of file' within payor's timely filing limit)

## Explanation of Benefits (EOB)

- Claim is processed and an Explanation of Benefits (EOB), along with any payment, is produced
- Some EOB/payments are mailed, some are sent electronically via 3<sup>rd</sup> party vendor (ex. PaySpan, Availity)

# **Claim Completion**

 Claim is completed when a copy of a "clean" EOB is obtained

#### "Clean" EOB

- Claim paid according
  to allowable or
  contractual fee schedule
  for services
- 2) Claim and/or service denied as not covered

Claims rejected by clearinghouse are not sent to insurance and need to be fixed and resubmitted Claims denied for errors in the name/ID# are not 'on file' until resolved to correctly link to member Claims denied for reason other than "not covered" should be followed up on for clarification

## **Replacement/Corrected Claims**

Use replacement/corrected claims to correct information on claims that are 'on file' **Reconsiderations & Appeals** 

Use payor's appeal process to dispute how a correctly filed claim has been adjudicated
